Why Attend

Every project faces uncertainty. Organisations that manage risk well protect their investments, seize opportunities and deliver more predictable results, while those that ignore risk face overruns, disputes and failure.

The PMI Risk Management Professional (PMI-RMP)® certification recognises specialists who can identify, assess, respond to and monitor project risks using structured and proven methods.

Course Methodology

• This training course will utilise a variety of proven adult learning techniques to ensure maximum understanding, comprehension and retention of the information presented. This includes an interactive mixture of lecture-led learning, case studies, practical exercises and group discussions.

Course Objectives

• Understand core principles and best practices covered in Preparation for PMI Risk Management Professional (PMI-RMP)®.

• Apply practical techniques to day-to-day operational challenges.

• Build an implementation action plan suitable for your organization.

Target Audience

• Project and programme managers

• Risk managers and risk analysts

• Project control and planning professionals

• PMO managers
