Address

Waarderweg 50, 2031PB Haarlem - Netherlands.

Course content

Why Attend

Aviation remains a high-priority target for criminal and terrorist activity. Airports, airlines, cargo operators and service providers must implement layered security in line with international standards.

This Aractech course covers the international aviation security framework, airport security programmes, passenger and baggage screening, access control and airside security, cargo and mail security, insider threats, quality control and incident response. Participants develop elements of a security programme.

Course Methodology

- Regulatory presentations
- Case studies
- Programme design workshops
- Scenario exercises
- Group discussions

Course Objectives

- Understand international aviation security frameworks
- Develop aviation security programmes
- Manage screening of passengers and baggage
- Control airside access and insider threats
- Secure cargo, mail and supplies
- Apply quality control and incident response

Target Audience

- Airport security managers
- Airline security staff

Course content

- Cargo and ground handling managers
- Aviation regulators

Course outline

Detailed course outline

Day-by-day outline for Aviation Security Management.
