# Course content

## Why Attend

Executive assistants hold a critical position of influence and must build a robust partnership with the senior management team. This course will enable you to have the right competencies to work in collaboration with your manager. After all, your success will directly affect your manager's success. This course seeks to supplement your current capabilities by adding other highly-needed competencies that will lead to excellence in your position. During this course, you will discover ways to enhance your confidence and forward-thinking ability, allowing you to become a true business partner with the executive team. You will learn and practice powerful emotional intelligence strategies that you can immediately apply in the workplace. Moreover, you will participate in detailed discussions on the importance of building systems and having a systematic thinking approach, leading you to create several systems at the workplace. The next segment of this course discusses how to deal with visitors and internal and external customers professionally and how to make your department and company more customer-friendly. Finally, you will learn how to develop action plans that will enhance your professional image and the image of your department and company.

## Course Methodology

- This is a highly interactive course that uses several groups and individual role-plays. You will constantly engage in practical group and individual activities, allowing you to test and apply your learning immediately. Moreover, using several self-assessment tests will enable you to discover your hidden talents and areas for improvement. Finally, you can discuss, share, and find solutions to your work challenges in a supportive environment.

## Course Objectives

- Perform the role of modern personal assistants and acquire fundamental practices to support stakeholders
- Apply emotional intelligence to foster excellent business relationships both laterally and vertically
- Harness modern communication concepts and strategies to facilitate workflow
- Use the main functions of management to build and maintain different organizing systems that will lead to increased productivity
- Demonstrate professional skills in using creativity, serving internal customers, and managing stress

## Target Audience

- Senior administrators, office managers, executive assistants, and supervisors of junior staff who already possess the essential administration skills and are seeking to further advance their careers.
- Target Competencies

- Forward thinking
- Emotional control
