Course content

Why Attend

Competency-based frameworks, recruitment methodologies, and performance management practices empower HR professionals to define success metrics, align behaviors, and drive organizational productivity.

Designed specifically for professional human resources managers, talent acquisition specialists, and organizational developers, the comprehensive course spans five intensive days filled with competency framework exploration, recruitment alignment implementation, and culture development execution.

Course Methodology

- Interactive lectures and case studies.
- Hands-on group exercises.
- Real-world scenario analysis.
- Practical tools and templates for immediate application.

Course Objectives

- Define and implement competency frameworks within HR processes.
- Integrate competency models into recruitment, development, and appraisal systems.
- Develop effective strategies for competency-based assessment and development.
- Measure the effectiveness of competency-based HR initiatives.

Target Audience

- HR managers and professionals.
- Talent management specialists.
- Learning and development practitioners.
- Organizational development consultants.
