### Address

Waarderweg 50, 2031PB Haarlem - Netherlands.

# Course content

## Why Attend

Digital transformation is reshaping industries, customer expectations, and ways of working. Leaders must be able to guide organizations through change, adopt emerging technologies, manage risk, and create sustainable digital strategies. This course provides participants with practical tools to lead digital transformation initiatives, build agile cultures, implement innovation, and sustain long-term business value.

## Course Methodology

- This course uses an interactive and practical approach through presentations, case studies, strategy workshops, group discussions, digital planning exercises, leadership activities, and real workplace examples.

## Course Objectives

- Understand the fundamentals of digital transformation
- Identify leadership roles in successful digital change
- Assess risks and opportunities of digital initiatives
- Build cultures that support innovation and adoption
- Design practical digital transformation strategies
- Lead implementation projects effectively

## Target Audience

- Executives and Senior Managers
- Department Heads
- Digital Transformation Leaders
- Project Managers
