Course content

Why Attend

Legal and compliance teams face growing volumes of regulation, contracts and queries. Generative AI can accelerate research, drafting and review, but professional responsibility and confidentiality must be protected.

This Aractech course covers practical generative AI applications for legal research, contract review and drafting, regulatory monitoring, policy development, compliance queries and investigations support, with strong focus on accuracy, privilege, confidentiality and governance. Participants build legal and compliance AI workflows.

Course Methodology

- Hands-on exercises
- Legal scenarios
- Prompt design workshops
- Case studies
- Governance discussions

Course Objectives

- Explain generative AI for legal and compliance work
- Use AI for legal research and summarisation
- Apply AI to contract review and drafting
- Monitor regulatory change with AI
- Support compliance advice and investigations
- Manage accuracy, confidentiality and professional responsibility

Target Audience

- In-house lawyers

Course content

- Compliance officers
- Legal operations staff
- Contract managers

Course outline
