Course content

Why Attend

Municipalities deliver many of the services that matter most in daily life, from waste collection and roads to permits and community facilities. Effective municipal management requires strong planning, finance, service delivery and citizen engagement.

This Aractech course covers local government roles, strategic and urban planning, municipal finance and revenue, service delivery and asset management, citizen engagement, partnerships and digital municipalities. Participants develop an improvement plan for a municipal service.

Course Methodology

- Municipal case studies
- Planning workshops
- Finance exercises
- Group discussions
- Action planning

Course Objectives

- Understand local government roles and governance
- Plan municipal strategies and services
- Manage municipal finance and revenue
- Deliver services and manage infrastructure assets
- Engage citizens and communities
- Apply digital and smart city solutions

Target Audience

- Municipal managers and directors

Course content

- Local government officials
- City planners
- Municipal finance staff

Course outline
