Course content

Why Attend

High-quality audit reports and effective communication are essential for delivering meaningful assurance, influencing management decisions, and driving organizational improvement. This course equips auditors with the practical skills needed to prepare clear, concise, and persuasive audit reports, communicate findings confidently, engage stakeholders effectively, and strengthen professional relationships throughout the audit lifecycle.

Course Methodology

- The course combines instructor-led presentations, writing workshops, practical report-writing exercises, case studies, peer reviews, role plays, group discussions, and communication simulations based on real-world audit scenarios.

Course Objectives

- Prepare professional audit reports that communicate findings clearly and effectively
- Structure audit reports to support informed decision-making and corrective action
- Write concise, objective, and persuasive audit observations and recommendations
- Strengthen communication and interpersonal skills throughout the audit process
- Build productive relationships with management and audit stakeholders
- Apply negotiation and active listening techniques during audit engagements

Target Audience

- Internal auditors
- Senior internal auditors
- Audit supervisors and managers
- Compliance officers
