Course content

Why Attend

Public sector projects must deliver value for citizens under scrutiny, regulation and political change. They face specific challenges in governance, procurement, stakeholders and accountability.

This Aractech course covers public project governance, business cases and approvals, public procurement, stakeholder and political management, risk, performance reporting, benefits and transparency. Participants develop a public project plan.

Course Methodology

- Public sector case studies
- Business case workshop
- Group discussions
- Planning exercises
- Reviews

Course Objectives

- Apply project governance in the public sector
- Develop business cases and secure approvals
- Manage public procurement in projects
- Engage political and public stakeholders
- Manage risk and reporting
- Deliver and evidence public benefits

Target Audience

- Public sector project managers
- Programme managers in government

Course content

- PMO staff
- Policy officials leading projects
