Course content

Why Attend

Public organisations face risks to service delivery, finances, reputation, compliance and public safety. Effective risk management supports better decisions and protects public value.

This Aractech course covers public sector risk management frameworks, risk appetite, risk identification and assessment, risk registers, controls and treatment, fraud and integrity risks, business continuity links, reporting and risk culture. Participants build a risk register for a public entity.

Course Methodology

- Framework presentations
- Risk workshops
- Case studies
- Reporting exercises
- Group discussions

Course Objectives

- Apply risk management frameworks in the public sector
- Define risk appetite for public entities
- Identify and assess public sector risks
- Design risk treatments and controls
- Manage fraud and integrity risks
- Report risk and strengthen risk culture

Target Audience

- Public sector risk officers
- Department managers

Course content

- Internal auditors
- Finance officers

Course outline
