Course content

Why Attend

Organizations need leaders who can see future opportunities, create clear direction, and turn strategy into measurable results. Visionary leadership combined with strategic thinking helps organizations remain competitive, innovative, and resilient in changing markets. This course provides participants with practical tools to develop a strategic mindset, build compelling visions, execute plans effectively, and lead sustainable change.

Course Methodology

- This course uses an interactive and practical approach through presentations, case studies, group discussions, strategic planning exercises, leadership assessments, workshops, and real workplace examples.

Course Objectives

- Understand the principles of visionary leadership
- Develop strategic thinking capabilities
- Create and communicate compelling organizational visions
- Analyze markets, trends, and strategic opportunities
- Build practical strategic plans and measurable goals
- Execute strategy effectively through accountability

Target Audience

- Senior Managers
- Department Heads
- Team Leaders
- Strategy and Planning Professionals
